SKILLS

Python   MySQL   PostgreSQL   PySpark   Azure Databricks   Azure Data Factory
Power BI   Seaborn   Matplotlib   Microsoft Excel   Bash Scripting   Technical Writing
Microsoft Azure Cloud   Azure Synapse Analytics   SQL

PROJECTS / EXPERIENCE

Police Shooting in the USA | [Link](#) | Python | Jupyter Notebook | Microsoft Power BI |

This project involved analyzing Police shootings in the United States to understand trends and patterns in incidents that have highlighted larger issues of racial and social inequality.

- ✓ Collected, cleaned, and made data ready for analysis.
- ✓ Created visualizations and reports to communicate findings to stakeholders.
- ✓ Implemented data-driven recommendations to improve training and accountability within law enforcement agencies.

StackOverflow 2022 Developer Survey | Link | Python, SQL, Jupyter Notebook, Matplotlib, Technical Writing |

An annual survey designed to gather insights from software developers around the world about their work, their tools, education, and their experiences.

- ✓ Created charts, graphs, and other visual representations of the data to communicate findings effectively.
- ✓ Prepared reports to summarize findings and recommendations for the project.

Edutech 2021 E-Learning Report | Link | SQL, Python, Technical Writing

- ✓ Identified inconsistencies in data, validated and made it ready for analysis
- ✓ Made recommendations to clients for the decision of contract renewal
- ✓ Provided practical data analytics service to assist clients with their decision to purchase future contracts

EDUCATION / CERTIFICATION

Data Analyst, DataCamp | 2022
- ✓ **Skills Acquired:** Python, Power BI, SQL, Microsoft Excel

Data Analyst, Udacity | 2022
- ✓ **Courses**: Data Analyst Nanodegree | Analyzing and visualizing data with Microsoft Power BI
- ✓ **Skills Acquired:** Python, SQL, Power BI, Pandas, Matplotlib, Seaborn, Data Storytelling

Bachelor of Science, Economics. University of Nigeria

- ✓ **Relevant courses:** Statistics, Research Methodology, Presentation

Professional Data Analyst | DataCamp | 2022
Microsoft Power BI Data Analyst | Microsoft | 2022
Microsoft Azure Data Fundamentals | Microsoft | 2022
